New Business

a. Archives- Jameson Stuckey

The Archives budget was reduced due to the difference in salary with the change in director. The Board of Education agreed to help fund the Archives for 2016 at 15% of the budget, but in the future it could just be a donation. The BOE will discuss and get back with Archives. This funding change is because the BOE has created their own records retention.

Councilwoman Reeves asked what the administrative fees were, and it was explained that a formula is used to come up with an amount for the county doing the administrative work for the joint projects.

b. E-911- Rodney Ozley

Stated that he added the purchase vehicle to his budget. He also would like the employees to receive more training. He is currently researching different trainings. Currently the salary line is over and they will not use that much this year. Mr. Ozley will speak with Sheriff Kilgore about removing it from the current budget as well as the 2017 budget.

c. The PoBiddy landfill budget remained the same. Mr. Chastain explained that he doesn't have the final numbers but if there is a change it should decrease. The Mayor added that administrative fees should be added to this budget so that all joint projects would be treated the same.

d. The bodies discussed salary increases. If they approve an increase they will have to do an amendment to the budget after the approval.

Adjournment
